Serving the Aerospace, Military  
& Commercial Industries

# SERVICES

## ASTRO SPACE

Astro Space has been servicing the commercial, military, and aerospace industries since 1988.

Our staff of seasoned engineers, technical writers, and support personnel provide services ranging from contract staffing through full project management and production.

Call us to discuss your needs or forward your project specifications to us for a prompt quotation.

## PROFESSIONAL STAFFING

- Permanent Employees (Full & Part Time)
- Contract Employees (Full & Part Time)

## ENGINEERING

### Aerospace, Military and Commercial

- Power Supply Design (Linear, Switched Mode, Resonant)
- Analog & Mixed Signal Design
- Project Management
- Magnetics Design
- Independent Design Reviews
- Design Trade-off Studies
- Worst-Case and Failure Mode Analyses, MTBF (MIL 217)
- Circuit Modeling (Saber & Spice)
- Power System Budget Analysis (Saber)
- Technical Review of Licensing and Patents
- Due Diligence for Venture Capitalists & Investment Groups
- Special Test Equipment Design and Development
- Specifications Development for Power Supplies & Analog Circuits
- Technical Staffing (Full & Part-Time)
- Microcontroller Applications (Microchip, Intel, & Motorola)
- Printed Circuit Design (Through Hole, Surface Mount & Hybrid)

## MANUFACTURING/ ASSEMBLY

- Engineering Models and Prototypes
- Special Test Equipment
- Harness Assemblies
- Transformers
- Inductors
